## OUR HUMBLE BEGINNINGS

Signature's success story begins in 1994.

We started our business at Bandar Sri Damansara, Selangor as a distributor and retailer of modular kitchen systems. Our humble beginnings have enabled us to keep our perspective while consistently striving for growth through steady paths of progress. In 1996, we formed a dedicated project division to cultivate the potential of our growing corporate clientele. Expanding our operations further, we seized the opportunity to venture into the kitchen manufacturing in 1998.
